

Setting the AMREL Mobile for Dual Screen Operation:

- a. Right click anywhere on the main AMREL Screen
- b. Select PROPERTIES
- c. Select SETTINGS
- d. Select ADVANCED
- e. Select INTEL GRAPHICS FOR MOBILE
- f. Select GRAPHICS PROPERTIES

On the left hand side will be various configurations including NOTEBOOK, MONITOR, DUAL, EXTENDED.

Refer to the configuration below:

**Notebook: Supports 1 or 2 DVI Ports**

**Monitor: Supports VGA Port only**

**Dual: Supports 1 DVI and 1 VGA**

**Extended: Supports 2 DVI and 1 VGA**

For the same video on both screens, select DUAL and then select OK

For different video on two or three screens, select EXTENDED Select OK

The remote screen will flash and video should appear.
